LED TV SERIES 4

# UN26D4003 26' Class (26" Diagonal) LED HDTV with 720p resolution.

## SPECIFICATIONS

**Clear Motion Rate** is Samsung's more comprehensive and accurate way of measuring TV motion performance than the previously used Hz measurement. The previous system only measured the refresh rate of a TV panel. A TV's ability to deliver clear motion clarity goes beyond a panel's refresh rate. A CMR measurement is achieved by calculating the TV chipset and the backlight in addition to the panel's refresh rate resulting in a more realistic motion clarity metric. Simply put, the higher the CMR the clearer the picture quality.

**Mega Dynamic Contrast Ratio 20,000:1**

## FEATURES

**ConnectShare™ JPEG** does exactly as it's name implies: Allows you to easily connect your MP3 player or digital camera to your TV and share music, videos and photos. Simply connect your digital devices and enjoy.

**Wide Color Enhancer Plus:** Delivers the entire spectrum of color and luminance for rich, saturated images with intense detail.

**Digital Noise Filter**

**Auto Channel Search**

**Auto Volume Leveler**

**Clock & On/Off Timer**

**Sleep Timer**
